

## TELUS Corporation

### DIVIDEND REINVESTMENT AND SHARE PURCHASE PLAN

#### NOTICE

The Canadian Securities Administrators introduced new regulations effective September 14, 2005 which affect dividend reinvestment plans of all companies in Canada. TELUS is currently in discussions with securities regulators to determine whether it will be necessary to amend our Dividend Reinvestment and Share Purchase Plan to reflect some of the changes introduced in the new regulations. In the meantime, it will be necessary to amend our Plan to temporarily suspend the following aspects of the Plan until regulatory clarity is obtained or relief is granted:

- (i) Plan Participants may not reinvest the Common Share dividend to be paid October 1, 2005, to purchase Non-Voting Shares. Instead, this dividend will be remitted by the Plan Agent to the Participants to whom they are due no later than November 30, 2005, unless regulatory relief is obtained before remittance. For further assistance, please contact the Plan Agent, Computershare Trust Company of Canada.

- (ii) Plan Participants will not be permitted to sell Plan Shares through the Plan Agent. Participants wishing to sell Plan Shares must request issuance of a share certificate and sell such shares directly through a registered dealer. The request form and instructions are contained on the back of your Plan statements - please select the "issue" option. For further assistance, you may contact Computershare.
